PROFILE

I love creating content that captivates people and makes them laugh. As Senior Video Producer at Circa I worked with David Zucker (*Airplane!*) I led ambitious projects on tight deadlines, and I've since created work for Taco Bell, Subway, Cracked.com, Letgo, and Wall of Comedy with Joivan Wade (*Doom Patrol*). I bring a full creative toolkit—Premiere, After Effects, Photoshop, Directing, Writing, Design, and Animation—plus the organizational chops to keep complex projects sharp, polished, and on time. Currently I direct a weekly live music show that reaches over eight thousand viewers.
